Please call for current rates on CD's & IRA CD's

# EMV Debit Cards

## IMPORTANT:

Starting April, 2018 you'll receive a new debit card with built-in-chip technology. These new cards are not only more secure - they're also easy to use! The EMV cards will have enhanced security and global acceptance. If chip-activated terminal is available, follow these 3 easy steps:

- 1) Insert the chip end of your card into the terminal with the chip facing up.
- 2) Keep your card in the terminal throughout the transaction and follow prompts on screen.
- 3) Remove your card when prompted and take your receipt.

If you have used your existing debit card to pay for services that are billed directly to your card, such as internet services, insurance, gym fees, etc., be sure to contact these vendors and provide your new card number as soon as you receive it so that your service is not interrupted.
